Ben:

Thanks for sending this letter and for letting me know that ***all*** of my clients' miners are at the two locations you claim. I assume you are making these representations as an officer of the court, after having reasonably inquired from your client.

However, I have to let you know that there are no machines at 2140 County Route 1. Distributions Center of America owns that location and it has stated there are no bitcoin miners there. Rather, as part of the fraud, your client has machines dropped off there and he picks them up from there. The State Trooper for Oswego County confirms this.

We are getting reports on the second building you mentioned, and I will keep you posted this evening, but I do not believe there are any bitcoin miners at that location. I will have the State Trooper stop at that location this evening to confirm that it is capable of hosting 3000 miners.

It appears Mr. Maranda has been operating out of **45 E. 12th Street Oswego New York 13126**, contrary to your representation.

Finally, you mentioned the machines are stored? Why? And under what provision of the contract ? At the very least, the miners should have been return to my clients so they can use them.

Regards,

T. Edward Williams, Esq., Partner
